More VC news

Aerospace & Defense

For defense tech startups, red tape is a burden—and also a moat

Despite a minefield of bureaucracy and regulatory hurdles, the sector depends on the ability to navigate lengthy processes and complex supply chains.

August 11, 2025 • Andrew Woodman

Data Visualization

More than \$1BVC dollars deployed this year have gone to just 10 startups

VCs have always been beholden to the market, but the stakes are higher now. Regulation is a double-edged sword.
