[Thinking Machines](#), the secretive AI startup founded by [OpenAI's](#) former chief technology officer Mira Murati, has reportedly raised \$2 billion at a \$10 billion valuation.

The round could be one of the largest seed rounds ever, another sign that VCs are increasingly focusing on AI investing at the earliest stages.

The Financial Times reported that [Andreessen Horowitz](#) led the round into the four-month-old company. Sarah Guo's [Conviction Partners](#) also reportedly participated in the round.
