This **session** brings together startup veterans and seasoned investors who've built and backed companies across the country — and well beyond it. They'll dig into what access looks like in 2025, how remote collaboration has evolved post-pandemic, and where true opportunity lies for emerging founders.

Who's taking the Builders Stage for this session

Anh-Tho Chuong is rethinking open source billing with Lago, a YC-backed platform trusted by AI leaders like Mistral and Together. From her time scaling Qonto to her early roles at Weebly and McKinsey, she's no stranger to navigating growth across continents.

Heather Doshay knows how to scale people-first organizations from the inside. As a partner at SignalFire and former VP of People at Webflow,

she's seen how the hiring landscape has shifted for startups outside the Valley — and what it takes to build standout teams in a distributed world.

Join the debate at Disrupt

Whether you're building from a big city, a small town, or somewhere in between, this session will offer a fresh perspective on where startup success

What to expect on the AI Stage

While full panel details are still under wraps, Kendall's participation ensures that this session will offer more than just theoretical takes. Expect insights on how embodied intelligence can shift the trajectory of AI, the challenges of building systems that adapt to the real world, and what it takes to commercialize autonomy at scale.
