Uber invests \$100M in WeRide to fuel robotaxi expansion across 15 more cities

Uber and Chinese autonomous vehicle technology company WeRide plan to expand a commercial robotaxi partnership and bring the service to another 15 cities over the next five years. The expansion comes five months after the two companies launched a [commercial robotaxi service in Abu Dhabi](#).

As part of that expansion, Uber will increase its investment into WeRide by \$100 million, according to a Wednesday regulatory filing. WeRide said it expects the cash to come through by the second half of 2025.

The companies said the expansion will include
