xAI is hiring an engineer to make anime girls

Elon Musk's xAI just released its [AI companions](#), which include the goth waifu Ani and the homicidal red panda Bad Rudy. If you want to get in on that, you're in luck: The company is hiring for the role of "[Fullstack Engineer – Waifus](#)," or, creating AI-powered anime girls for people to fall in love with.

This job is, to quote the listing, part of xAI's mission to "create AI systems that can accurately understand the universe and aid humanity in the pursuit of knowledge."

Right now, that accurate understanding of the universe includes understanding how to create a
